A Plute Poker Game.

The Virginia Chronicle gives the following account of how the cow county Plutes were relieved of their hard-earned savings:

The revival of interest in faro, stud-horse and draw poker and keno observable here subsequent to the beginning of the stock boom last December has infected the Plutes.

Heretofore the group of bucks and squaws that daily assemble in the vacant lot on the corner of Union and D streets, playing Plute poker, has dispersed and departed for their campfires before the sun disappeared behind the western slope of Mount Davidson, but last evening it was nearly dark before the game broke up, and the players were shivering with cold.

The occasion of the late game was due to the arrival of guests from Mason Valley and Humboldt county yesterday, with well-filled purses and gaudy blankets, earned in working on ranches.

One-eyed Sides, brother to Chief Naches' Premier, engineered the game, and succeeded in cleaning out his bucolic visitors. The last pot raked down by Sides contained a dollar and six bits. Sides held three pairs and was charged with having stocked the cards, which he indignantly denied, and stalked away with the coin, followed by a score of paposes and a half dozen admiring squaws.

Senator Jones' Muletown Mine.

A California exchange says: John P. Jones, the Nevada Senator, owns one of the best mines near Muletown, on Clear Creek, in this State. It is patented, and he has owned it for the past 20 years, and will neither sell, lease or work it. There is a shaft on it 150 feet deep. The last ore worked nearly 20 years ago yielded \$80 to the ton. He has recently ordered the old tunnel cleaned out. Last week this work was completed, and the vein at the other end of the tunnel exposed, from which samples of ore were shipped to the Senator. The ore is "perfectly lousy" with free gold. The fact that he has had the tunnel cleaned out indicates that the Senator intends to re-open the mine shortly.

The National Disease Downed.
Hundreds of so-called diseases under various names are the result of indigestion, and when this one trouble is removed the others vanish. The best known remedy for indigestion, according to testimonials is one that has been used in the United States for more than 50 years—Brandreth's Pills. These pills will cure the worst form of indigestion or dyspepsia and by their use the national disease is easily conquered.

One Hundred Years After.
April 12th a stone cutter began to chisel a fitting inscription on the monument erected long ago at Washington to the memory of General Nathaniel Greene, of the Revolutionary Army. The resolution authorizing the inscription was passed in 1786, the appropriation for the purpose was passed in 1877, and the work has been begun in 1887.

A Fatal Quarrel.

John Roy and William Carson near neighbors at Chattanooga, Tenn., were on very friendly terms until Monday, when they quarreled about a piece of land. Both drew pistols and fired simultaneously, and both were killed, Carson being shot in the temple and Roy receiving a bullet in the heart.

Enjoy Life.

What a truly beautiful world we live in. Nature gives us grandeur of mountains, plains and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them as free from disease as when born. Dyspepsia and liver complaint are the direct causes of 75 per cent. of such maladies as biliousness, indigestion, sick headache, costiveness, nervous prostration, dizziness of the head, palpitation of the heart and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10c. Try it. nov29y1

Man Wants a Tonic.

When there is a lack of elastic energy in the system, shown by a sensation of languor and unrest in the morning, frequently yawning during the day and disturbed sleep at night, Hostetter's Stomach Bitters infuses unwonted energy into the enfeebled and nervous, endowing them with muscular energy, an ability to repose healthfully and digest without inconvenience. Nervousness, headache, biliousness, impaired appetite and a feeble, troublesome stomach, are all and speedily set right by this matchless regulator and invigorant. The mineral poisons, among them strychnia and nuxvomica, are never safe tonics, even in infinitesimal doses. The Bitters answer the purpose more effectively, and can be relied upon as perfectly safe by the most prudent. Fever and ague, kidney troubles and rheumatism yield to it.

Hoyt & Co., wholesale and retail druggists of Rome, Ga., say: We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for two years; have never handled remedies that sell as well, or give such universal satisfaction. WILLIAM TELL HOUSE

BOARD AND LODGING AS CHEAP AS any place in town

Yesterday we presented statistics drawn from *Bradstreet's*, showing that work and wages are both increasing. "This boom," or revival of business," says Jay Gould to a person representing the St. Louis *Republican*, "is, I think, as yet in its infancy. I believe it will extend, and that all legitimate business enterprises throughout the whole country will participate in it. You doubtless have observed that it is not spasmodic or feverish at any trade center; that it came upon the country with a slow but remarkably steady and firm pace, and at no place has there been anything like a development of inflation of value observed, except, perhaps, in real estate at a few points. It seems to me that the present condition of the Nation's financial, commercial and industrial affairs is more satisfactory, and that enterprises generally are upon a more conservative, and hence upon a sounder basis than in many a year, and if what is called the speculative fever can be kept down, I feel sure that all legitimate business ventures will prosper, and further, that nothing like a disastrous financial panic can overtake our business affairs, so well rooted are they, until the people leave legitimate ventures for rash speculation."

According to a special dispatch from Washington, an officer of the House of Representatives asked the President the other day if there was any probability of an extra session of Congress. He said that he was going to Europe and would like to stay there until November. If, however, there was to be an extra session of Congress he wanted to return to this country a couple of weeks before it began. The President replied that he had not made up his mind to call an extra session and should not do so until the time came. He had conversed with a number of members and Senators and they seemed to be unanimously of the opinion that one ought to be called. The Cabinet was of the same opinion also, and while it was difficult to determine so far in advance, as long as the officer was making his plans he had better arrange to be home by the 1st of October.

Of course it had to come. It was predicted that as soon as Senator Reagan's support of prohibition was announced it would presently be discovered that he is not a Democrat. The New York *Sun* has made the discovery. It says: "But Mr. Reagan is not much of a Democrat save in name. He is a Federalist, a Centralizationist and an Inter-statism." It certainly is very upsetting to learn this fact. If the ex-Confederate Cabinet officer, the choice of the overwhelming Democratic majority of Texas, is not a Democrat, where shall we find them outside of the faithful in the offices of the *Sun*, who are urgently demanding the spoils. We suppose that the *Sun's* authority is conclusive; yet political fate has developed few stranger sights than that of Charles A. Dana, the ex-Republican Secretary of War, declaring that John H. Reagan is not a Democrat.

The Pennsylvania Railroad Company is now issuing State passes to editors and journalists, but inter-State passes are only given on editors signing a contract to publish matter favorable to the road, and enough to pay for the transportation asked for. In this way editors become employees, and the railroad gets just the advertising it wants. In many instances the slips to be published are furnished by the road. This is done in cases of excursions and Summer resorts.

A band of 300 Chippewa Indians claim that they are the owners of 1,000,000 acres of land, on which are settled 20,000 white people. Secretary Lamar does not seem inclined to recognize the Indians' claim, and says Congress will have to settle the affair.

[PRESS DISPATCHES TO THE GAZETTE]

A Destructive Cyclone.

ST. LOUIS, April 23. Special dispatches show that fearful cyclones, tornadoes and hailstorms swept over a considerable part of western and southwestern Missouri, southeastern Kansas and northern Arkansas Thursday evening last, causing great loss of life and destruction of property. In Bates and Vernon counties, Missouri, the destruction was very great, and west and south of Rich Hill the storm raged with terrific violence. Its track is strewn for miles with all kinds of debris, including crushed and splintered dwelling and out-houses, dead animals, poultry, bed-clothing, wearing apparel and all kinds of farm property. It is estimated that the loss of property is upwards of \$100,000. Six people were killed in the neighborhood of the towns of Sprague and Hume, and a number seriously and some fatally injured. Humboldt Station, on the Pacific road, was destroyed, only one house being left standing. At Miller's farm, three miles west of Sprague, his splendid residence, barns and out-houses were destroyed, and his cattle and other stock were killed. Mr. Miller and his wife and baby were blown into a well and drowned. In the lower part of Linn county, Kansas, a regular funnel shaped twister made a descent about 6 o'clock, seven miles northwest of Prescott. Every farm-house in the path of the storm was demolished, and every house in Prescott was ruined. Nearly every house at Miami Junction, five miles north of Prescott, was blown down and several persons injured. Seventeen persons are known to have been killed in Linn county, and about 50 were seriously wounded in Bourbon county. Kansas reports are coming in slowly of the terrible devastation; D. J. Fields' farm was swept clean of buildings and live stock. Near by the mills, a family was nearly exterminated, two killed and the father and mother being found barely alive, but will recover. The stone residence of Samuel Coles was razed to the ground. In Anderson county the cyclone badly damaged the town of Colony, and in Blue Mound, a town of 900 inhabitants, 20 houses were wrecked and two persons killed.

A Formidable Gang of Murderers.

OZARK, Mo., April 23. The Grand Jury has indicted all of the Bald Knobbers now under arrest for the murder of George Edens. Frank Bean, who recently plead guilty and turned States evidence, was sentenced to ten years in the Penitentiary. It is reported that Judge Hubbard's instructions to the Grand Jury have spread terror throughout the Bald Knobber's section about Chadwick, and that a general exodus of the unmasked brotherhood will take place soon. Joe Insman has made out a list of the members of the Bald Knob order of Christian county, and he has implicated preachers, merchants, doctors, Justices of the Peace and many wealthy and influential citizens. Insman and Graves agree with Walker in estimating the number in Christian county to be 800, and name many prominent men who accompanied them in their criminal raids, behind black masks.

Came Near Being Captured.

NEW YORK, April 23. A special from Key West, Fla., to the *Herald* says: From a private letter from Havana it is learned that a party of kidnappers, or outlaws, had arranged to capture Senator John Sherman on his recent visit to Cuba. While in Havana, Sherman expressed a desire to visit a sugar plantation in the interior. A military guard was sent as an escort and the whole party barely escaped being captured, the bandits arriving at the plantation just five minutes after the departure of the Sherman party.

A Copper Cased Bomb.

MILWAUKEE, April 23. A sensation was caused on Wisconsin street near Bridge, yesterday afternoon, by the violent explosion of a bomb, which is supposed to have been thrown from a street car. Fragments of the bomb, which was cased with copper, were blown in all directions. The police have secured some of the pieces of the missile, and are now working up the case.

More Rain Than They Need.

CINCINNATI, April 18. Unusually heavy rains have been general in Ohio, Kentucky and West Virginia. The Ohio river here at noon, was 45 feet and rising three inches an hour.

A Second Hand Disclaimer.

WASHINGTON, April 23. The President was engaged this morning and could not be seen with reference to the statement telegraphed

from St. Louis at a late hour last night, to the effect that in a conversation with a prominent Senator, he had expressed an unalterable determination not to accept a renomination. Col. Lamont, however, upon being questioned upon the subject, said: "I am quite sure the President has never said he would or would not accept a renomination. This question is not now concerning him, and I know of no occasion calling for its decision at this time."

NEW YORK, April 23. A Washington special to the *Post* says the President himself denies in the most emphatic terms that he has expressed to any person his intention with respect to a second term. He has, in conversation with more than one visitor, been pressed to commit himself on this question, and to everyone he has made the same answer, that "He had not given any thought to the matter of a renomination, that it was as much as he could find time to think about to get through the present four years with benefit to the country, satisfaction to the people who elected him and credit to himself."

A Canadian Surveying Party.

WASHINGTON, April 23. The Secretary of the Treasury has received a letter from the Commissioner of Customs of the Canadian Government, stating that an exploring expedition is now being organized by that Government for a geological and topographical survey of Canada, and asking that the Customs officers of Alaska be instructed to facilitate the movements of the party in that region of country. The expedition, he says, will be conducted by Dr. George M. Dawson and Wm. Ogilvie, and will extend its operations along the Stikine river, along the Pacific Coast to the head of Chilcoot Inlet and the survey of the Yukon river as far as the 140th meridian. Assistant Secretary Maynard has instructed the Customs Officers of Alaska District to allow the free entry of the members of the expedition and their effects, exercising only such supervision as may be necessary of protect the interests of the revenue.

Not a Defaulter.

DETROIT, April 23. The reports of the alleged defalcation of W. G. Mitchell, President of the Exchange Bank, are greatly exaggerated if not entirely false. Mitchell has sunk an indefinite amount by bad management, but according to his book-keeping, there is no defalcation. His entire unprotected indebtedness is only about \$3,000, and it is claimed this will be made good.

To be Rigidly Enforced.

NEW YORK, April 23. The Chiefs of Police of this city and Brooklyn have instructed their captains to rigidly enforce the Sunday closing law to-morrow.

FOREIGN DISPATCHES

Mexican Politics.

CITY OF MEXICO, April 23. The constitutional amendment passed the House of Deputies last Thursday night by an overwhelming majority. Trinidad Garcia took the floor soon after the session opened and spoke for a half hour; several Deputies followed and A. Lancaster Jones, of Jalisco, the leader of the amendment forces, closed the debate. On a call of the roll, 124 Deputies voted for the amendment and only 10 went to the side against it. The proposition allows one re-election of a President, that is, two successive terms. The amendment now goes to the Senate where it will probably be passed without debate, and its ratification by the State Legislatures is said to be assured. On the announcement of the vote, the spectators who crowded the galleries, shouted and howled and stamped the floors, while the Deputies below congratulated each other in a more extravagant manner. The most of Diaz's Cabinet were present and manifested much satisfaction. By the Americans here, this action is interpreted as the means of the re-election of Diaz, and the consequent advancement of Mexican tyrants and Government securities, as well as the improvement of all American interests in Mexico.

An Exasperated Canuck.

TORONTO, April 23. The *Globe* to-day, referring to Lord Salisbury's proposition for a settlement, says: It consists in giving everything to the United States, and in disgracing and dishonoring the people of this country as they could never be disgraced and dishonored by manfully defending their rights even to the point of war. The offer of the Tory Premier is cowardly, despicable and treacherous to Canada, and should be ratified by the Dominion Parliament, it will be the greatest possible insult to the right to exclude American fishermen from our inland waters.

High Water at Toronto.

TORONTO, April 23. The water has receded about a foot, but this gives no practical relief to the people of Griffintown. A relief committee of the city council has started out in a fleet composed of 40 boats, to distribute provisions among the poor. In some localities of Griffintown, the water reaches to the second story of the houses. There is no appearance of the ice gorge giving way, and the flood may be expected to last for some days yet.

An Unpopular Consul.

GIBRALTAR, April 23. The American Consul at Tangier has made a claim for 200 pounds damages against a Moorish magistrate, for assaulting an American citizen. The consul is unpopular, owing to his action in connection with the arrest of a Hebrew merchant of Alcazar by two Englishmen who displayed the American flag, and who brought them prisoner in chains to Tangier.

A Decisive Vote.

TORONTO, April 23. Mr. Mowat's resolution of sympathy with Ireland and of regret that coercion was about to be resorted to, was carried in the Ontario Legislature this morning by a vote of 53 to 25.

NATIONAL INDIAN SCHOOL.

Will the Government Educate Nevada Indians?

Last December U. S. Indian School Commissioner John D. C. Adkins, through C. S. Young, then Superintendent of Public Instruction, gave our people to understand that should they erect buildings on suitable grounds and turn over the property for school purposes to the Government, the Interior Department would maintain the school thereafter. Until a few days ago Mr. Young, now Nevada's Land Agent in Washington, had encouragement that the Department would materially aid the project. He has had frequent interviews on this subject with Commissioner Adkins and other officials in the Department since reaching Washington. The Commissioner now promises to make a special recommendation to Congress that an appropriation be made for this purpose, and thinks this can be obtained without serious opposition at the next session. The following official letter to the Indian School Commissioner will show the present attitude of the Office of Indian Affairs towards the establishment of the proposed school:

DEPARTMENT OF THE INTERIOR,
OFFICE OF INDIAN AFFAIRS,
WASHINGTON, April 9.

H. Yerington, Jewett W. Adams, S. L. Lee, Indian School Commissioner, Carson City, Nevada—Gentlemen:—I am in receipt of your communication of the 31st of January last, inclosing copy of the recent enactment of the Nevada Legislature providing for the establishment of an Indian school in that State.

I am gratified to see that Nevada manifests such an interest in the education of her Indians. The generous offer of a farm of 160 acres and \$10,000 for building purposes merits prompt acceptance by the Government. But I regret to say that the last session of Congress, instead of increasing, slightly reduced appropriations for Indian education, so that it will be with difficulty that school work now in progress can be properly continued during the coming fiscal year.

Therefore, I would not be justified in saying at this time that so soon as your buildings are completed the Office will furnish and open a school therein. But I can say, and will do so, that if you desire to put up the building and to transfer the same, with the land, to the Indian Office, the Office will accept it and will open a school therein for Indians of Nevada whenever a Government appropriation therefor shall have been obtained.

Meantime, if you desire it, the Office will send a special agent to examine the location offered and to report upon its fitness for the purpose intended; also, the Office can send you copies of plans which have been adopted for its school buildings, from which you will be able to gain an idea of the kind of buildings needed, and what will be the capacity of a building which \$10,000 would erect.

I hope it may be possible to secure from the next session of Congress an appropriation for the support of this proposed school, and if it is made "immediately available" it may be possible to start the school within the next fiscal year. Yours respectfully,
A. B. UPSHAW,
Acting Commissioner.

Christian Endeavor Social.

Several weeks ago there was organized in connection with the Methodist Episcopal church at this town what is termed the Christian Endeavor. The members comprise those who attend the church and Sunday school and who range in age from about 15 years and upwards; the objects are to bring the members together often and engender social and christian relations, to look after several of the smaller wants of the church, and for general improvement. Social gatherings are held by the organization twice a month at the homes of members. One was held last evening at the residence of M. E. Ward on Mill street, and it proved a highly enjoyable and profitable occasion. The following literary and musical programme was well rendered.

Local Freight Tariffs on Lumber.

Railroad Agent Higgins informs the GAZETTE that the Southern Pacific Company has issued a special tariff on soft lumber, lath and shingles in carload lots from Truckee to points east of Brown's, Humboldt county, including Ogden. The new rates from Truckee to Reno and Wadsworth are the same as the old—\$20 per carload of 20,000 pounds; to Eagle Lake works, \$25; Hot Springs, \$27; White Plains, \$34; Brown's, \$40. From the last named station to any regular depot along the road as far east as Ogden there is but one tariff—namely, \$40 per carload. This is quite a reduction for those at intermediate points, as, for instance, the old rate to Elko was \$113 and to Wells \$124. The new tariff from San Francisco to Reno is greatly in excess of the old, it having been \$43 against \$94 now. From Sacramento the old rate was \$32; now it is \$76.

The Legal Heir Question.

Says the Silver State: C. P. Cook, then a conductor on the C. P. R. R., joined the A. O. U. W. here and made his beneficiary certificate for \$2,000 payable to his legal heirs. Subsequently Cook married and died without issue by that marriage at the residence of his father in Vermont. The "legal heir" question then arose between the father and widow of the deceased. Counsel for the contestants submitted the matter to Judge Rising, and M. S. Bonfield, counsel for Cook's father, informs the Silver State that Judge Rising decided that the father and widow are entitled to equal shares of the \$2,000.

State Land Office.

During the week ended yesterday there were filed at the State Land Office, Carson, 29 applications for State land, embracing 9,033.22 acres, on which the payments made amounted to \$2,438.29. The partial payments on contracts aggregated \$123.80, and the interest payments on contracts \$291.32. Total cash receipts for the week, \$2,853.41. Four State land patents were issued covering 521.80 acres. One hundred and five applicants for land, embracing 31,200 acres, were notified to file non-mineral affidavits, as required by the Department at Washington.

House Burned.

The GAZETTE learns that on the 21st instant the building in Mohawk Valley, some 40 miles north of Reno, known as the Knott residence, and owned by the Sierra Valley and Mohawk Railroad Company, was destroyed by fire. It was used as a dining-room and kitchen by employees of the road. The loss will not exceed \$400.

\$55 00 CASH.

This engraving represents one of the cheapest and best made Parlor Suites that is manufactured. This suite consists of Sofa, Easy Chair, Reception Chair, Divan and Patent Rocker—five pieces in all. We make this suite in electro plush, assorted colors, or all in one color, with spring edge and silk plush border, for \$55. We also make it in wool plush (not spring edge), assorted colors, or all in one color, for \$55.

Either of these suites are very pretty, and will, without doubt, please the buyer. Suites consisting of sofa, easy chair, patent rocker and four reception chairs—seven pieces in all—cost the same price as the five-piece suite.

These suites are not the "Easton Made," but are manufactured by us. We guarantee them to be first-class and far superior to the Eastern suites that are sold. Samples of plush and other coverings mailed on application.

Our line of bed-room suites in walnut, mahogany, antique oak, antique ash, ash and pine are handsome in design and cheap in price. Photograph of our \$18 bed-room suite mailed on application. Address all letters to

A Colored Veteran Blackballed.

A Portland, Oregon, dispatch of the 22d inst. says: At the regular meeting of the Garfield Post, G. A. R., held Wednesday evening, the name of F. Smith, the colored cook at the Esmond Hotel, who served four years in the civil war, was proposed for membership. A heated discussion followed, and when the ballot was finally taken, the applicant was blackballed. Several members withdrew from the order. Although the proceedings were secret, so great was the excitement that the papers succeeded in getting a pretty full account.

Merit Will Tell.

Was never better demonstrated than when "Fryer's Abietene Remedies" were awarded diplomas at the late California State Fair at Sacramento and at the Mechanics Institute at San Francisco. W. Pinniger is agent for these celebrated "Abietene Remedies" and he offers to return your money if they do not give satisfaction. In buying, be sure the fac-simile signature of D. F. Fryer is on each, as none are genuine without it.

A High Climber.

Johann Richter, a young apprentice to a piano-maker, has startled the citizens of Vienna by climbing 453 feet to the topmost part of the tower of St. Stephen's Cathedral. He tied a pennant to the cross.

Why suffer with bleeding, blind, itching and ulcerated piles, catarrh, old sores, chapped hands, when a few applications of Fryer's Abietene Ointment is guaranteed to effect a cure. Price, 25 cents. Sold by W. Pinniger, Reno, Nevada. All genuine Abietene preparations bear the fac-simile signature of D. F. Fryer.

Thousands of Dollars

Are spent every year by the people of this State for worthless medicines for the cure of throat and lung diseases, when we know that if they would only invest \$1 in SANTA ABIE, the new California discovery for consumption and kindred complaints, they would in the pleasant remedy find relief. It is recommended by ministers, physicians and public speakers of the Golden State. Sold and guaranteed by Osburn & Shoemaker, Reno, Nev., at \$1 a bottle. Three for \$2.50. The most stubborn case of catarrh will speedily succumb to CALIFORNIA CATARRH CURE. Six months' treatment for \$1. By mail \$1.10.

Physicians Prescriptions a Specialty. ap9

Endorsed by the M. D's.

A. M. Robinson, Druggist and Apothecary, Bangor, Me., in a letter dated July 1, 1884, says: "I have had many prescriptions for Gilmore's Aromatic Wine from one of our best physicians, who learned of its virtues from those who had used it." No remedy ever produced has met with such marked favor from the medical profession. The Company cheerfully furnish any physician a sample of their Aromatic Wine, and not one of the many hundreds who have given it an examination has ever failed to endorse it as a valuable and reliable remedy. All over the country leading physicians are prescribing it, particularly for the numerous ailments to which females are liable. They know there is no purer, safer or more reliable remedy. Agent for Reno, W. Pinniger.

HAY RACK, with attachments for unloading into feed racks.

FOR HANDLING HAY OR GRAIN, the Climax Machines excel all others by great odds. Each and all of these inventions are warranted to do all claimed for them. They are no experiment, but HAVE BEEN TRIED AND TESTED by the actual work of hundreds, and received the unequalled endorsement of all.

DAYTON, NEVADA, FEBRUARY 5, 1887.

This is to certify that last season we used the Climax Stacker in putting up 1500 tons of hay, mostly blue joint; that it did its work well, and in my estimation is not equalled by any stacker or hay-lifting appliance on this coast.
